Understanding How CheapOair Works

Before discussing lawsuits, it's important to understand how online travel agencies operate USA  +1 888-994-3769  +44 [800]~[054]~[8541] [UK]. CheapOair is a third-party booking platform, meaning it does not directly operate airlines or hotels USA  +1 888-994-3769  +44 [800]~[054]~[8541] [UK]. Instead, it connects travelers with travel providers and processes bookings on their behalf USA  +1 888-994-3769  +44 [800]~[054]~[8541] [UK]. This structure affects responsibility USA  +1 888-994-3769  +44 [800]~[054]~[8541] [UK]. If something goes wrong, liability may fall on the airline or hotel provider, the booking platform in limited cases, or both depending on the situation USA  +1 888-994-3769  +44 [800]~[054]~[8541] [UK].
